

New Express LCL Services USA to Europe

Agility's New Express LCL Services Tailored to You

Overview

Customers with high-priority LCL shipments now have the option to utilize Agility's new Express LCL Service from the US to select European base ports. This service entails top quality ocean services coupled with an expedited handling process to decrease overall transit time from receipt at origin to release at destination. Agility is offering this service alongside its existing Standard LCL ocean freight portfolio.

On-time Delivery

Our most direct vessel rotations from the US to Europe come with guaranteed space allocation, priority loading, onboard stowage and expedited discharge to ensure that your freight will arrive on time and ready for delivery throughout Europe.

Features

- Scope of our ocean freight service:
 - New York to Bremen - 9 days port/port – 12 days CFS to CFS
 - New York to Liverpool - 8 days port/port – 13 days CFS to CFS
 - New York to Rotterdam - 9 days port/port – 12 days CFS to CFS
- Guaranteed space with carriers
- Dedicated receiving lanes at origin
- Top stowage, priority discharge from vessel
- Expedited devanning and freight availability
- General Cargo only. No Hazardous cargo

Faster than Standard LCL Product

- Late gates at New York CFS cuts dwell time between container loading and vessel sail date
- Expedited devanning at dedicated CFS operations in Europe make freight available days earlier than Standard LCL
- Utilizing the same vessels as usual while cutting 5-7 days on transit time compared to Standard LCL
