

# Road Freight China-Europe Services

## Agility Road Freight Europe

When you have an experienced team of specialists delivering on your daily priorities for time, space, frequency and cost, you have Agility's brand of Personal Service. We listen, learn and form a shared understanding of your needs and goals. Our commitment to partnership is the driving force behind our mutual success and ultimate satisfaction for more than 26,000 employees in over 100 countries worldwide. In order to overcome congested or very expensive shipments modalities or if you are even looking for alternative modalities to ship from China to Europe, Agility added to your supply chain a new flexible option. Our new Road Freight service China-Europe, through our online tracking tool, adds visibility to your supply chain and helps our experts looking after your cargo.

# China Road Freight

## The Routing

## Features

- Covers all major industrial areas in China and Europe
- 2 manned vehicles for west- and eastbound services
- Transshipment via Kazakhstan in Alashankou (driver- and truck change)
- Transit times are door-door and include border crossings (buffer)

## Distance and transit time westbound (east-bound - on request)
