

Air Freight Exports at Lower Rates

Agility's specially designed Agility Pack paper pallets are a cheaper alternative to wooden pallets. Agility Packs are lighter but just as strong and durable as wooden pallets. Grow your exports while lowering your transport costs by using the lighter Agility Pack.

- Tri-wall pallet made from corrugated paper
- 100% recyclable.
- Approximately half the weight of a wooden pallet.
- Lighter weight allows more goods to be transported per load.
- As strong as a wooden pallet.
- Easy to assemble.
- Environmentally friendly.
- Eliminates disposal cost.
- Weather resistant.
- Suitable for ISO14000 standards.
