REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF AGILITY PUBLIC WAREHOUSING COMPANY K.S.C.P.

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Agility Public Warehousing Company K.S.C.P. (the "Parent Company") and its subsidiaries (collectively, the "Group") as at 31 March 2022 and the related interim condensed consolidated statement of income, interim condensed consolidated statement of comprehensive income, interim condensed consolidated statement of cash flows and interim condensed consolidated statement of changes in equity for the three months period then ended. The management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard IAS 34: Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

Except as explained in the following paragraph, we conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As stated in Note 4 to the interim condensed consolidated financial information, the Group's investment in and loan to Korek Telecom ("Korek") is carried at KD 110,025 thousand (31 December 2021: KD 109,293 thousand and 31 March 2021: KD 109,020 thousand) and KD 35,362 thousand (31 December 2021: KD 35,169 thousand and 31 March 2021: KD 35,123 thousand) respectively, in the interim condensed consolidated statement of financial position as at 31 March 2022. We were unable to obtain sufficient appropriate evidence about the investment in Korek and the recoverability of the loan as at 31 March 2022 due to the nature and significant uncertainty around the investment and outcome of the arbitrations. Consequently, we were unable to determine whether any adjustments to the carrying value of the investment and loan to Korek was necessary.

Qualified Conclusion

Based on our review, except for the possible effect of the matter described in the Basis for Qualified Conclusion paragraph, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

**REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL
INFORMATION TO THE BOARD OF DIRECTORS OF AGILITY PUBLIC
WAREHOUSING COMPANY K.S.C.P. (continued)**

Emphasis of Matter

We draw attention to:

- (i) Note 11 (a) to the interim condensed consolidated financial information which describes the contingencies relating to cost reimbursable contracts with U.S. Coalition Provisional Authority (“CPA”); and
- (ii) Note 11 (b) to the interim condensed consolidated financial information which describe the contingencies and claims with the General Administration of Customs for Kuwait.

Our conclusion is not further qualified in respect of the matters set out above.

Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016, as amended and its Executive Regulations, as amended, or of the Parent Company’s Memorandum of Incorporation and Articles of Association, as amended, during the three months period ended 31 March 2022 that might have had a material effect on the business of the Parent Company or on its financial position.

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No 7 of 2010 concerning the Capital Markets Authority and its related regulations during the three months period ended 31 March 2022 that might have had a material effect on the business of the Parent Company or on its financial position.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

As at and for the period ended 31 March 2022 (Unaudited)

1 CORPORATE INFORMATION

Agility Public Warehousing Company K.S.C.P. (the “Parent Company”) is a Kuwaiti shareholding company incorporated in 1979 and listed on Boursa Kuwait and Dubai Stock Exchange. The address of the Parent Company’s Head office is Sulaibia, beside Land Customs Clearing Area, P.O. Box 25418, Safat 13115, Kuwait. The Group operates under the brand name of “Agility”.

The interim condensed consolidated financial information of the Parent Company and its subsidiaries (collectively, the “Group”) was authorised for issue by the Board of Directors on 12 May 2022.

The main objectives of the Parent Company are as follows:

- ▶ Construction, management and renting of all types of warehouses.
- ▶ Warehousing goods under customs' supervision inside and outside customs areas.
- ▶ Investing the surplus funds in investment portfolios.
- ▶ Participating in, acquiring or taking over companies of similar activities or those that would facilitate achieving the Parent Company's objectives inside or outside Kuwait.
- ▶ All types of transportation, distribution, handling and customs clearance for goods.
- ▶ Customs consulting, customs automation, modernisation and decision support.

2 BASIS OF PREPARATION

The interim condensed consolidated financial information of the Group has been prepared in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

The interim condensed consolidated financial information does not include all of the information and disclosures required for complete financial statements prepared in accordance with International Financial Reporting Standards (“IFRS”) and should be read in conjunction with the Group’s annual consolidated financial statements for the year ended 31 December 2021. In the opinion of management, all adjustments considered necessary for a fair presentation have been included in the interim condensed consolidated financial information. Operating results for the interim period are not necessarily indicative of the results that may be expected for the year ending 31 December 2022.

Certain comparative information has been represented to conform to current period presentation and reflect the adjustments made for discontinued operations of the Parent Company. These reclassifications do not affect the previously reported assets, liabilities, equity and profit for the period.

3 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those followed in the preparation of the Group’s annual consolidated financial statements for the year ended 31 December 2021, except for the adoption of new standards effective as of 1 January 2022. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments and interpretations apply for the first time in 2022, but do not have an impact on the interim condensed consolidated financial information of the Group.

Onerous Contracts – Costs of Fulfilling a Contract – Amendments to IAS 37

An onerous contract is a contract under which the unavoidable costs (i.e., the costs that the Group cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it.

The amendments specify that when assessing whether a contract is onerous or loss-making, an entity needs to include costs that relate directly to a contract to provide goods or services include both incremental costs (e.g., the costs of direct labour and materials) and an allocation of costs directly related to contract activities (e.g., depreciation of equipment used to fulfil the contract as well as costs of contract management and supervision). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The Group applied the amendments to the contracts for which it had not fulfilled all of its obligations at the beginning of the reporting period.

Agility Public Warehousing Company K.S.C.P. and Subsidiaries

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

As at and for the period ended 31 March 2022 (Unaudited)

3 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP (continued)

Onerous Contracts – Costs of Fulfilling a Contract – Amendments to IAS 37 (continued)

These amendments had no impact on the interim condensed consolidated financial information of the Group as there were no onerous contracts outstanding within the scope of these amendments arisen during the period.

Reference to the Conceptual Framework – Amendments to IFRS 3

The amendments replace a reference to a previous version of the IASB's Conceptual Framework with a reference to the current version issued in March 2018 without significantly changing its requirements. The amendments add an exception to the recognition principle of IFRS 3 Business Combinations to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets or IFRIC 21 Levies, if incurred separately. The exception requires entities to apply the criteria in IAS 37 or IFRIC 21, respectively, instead of the Conceptual Framework, to determine whether a present obligation exists at the acquisition date.

The amendments also add a new paragraph to IFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

These amendments had no impact on the interim condensed consolidated financial information of the Group as there were no contingent assets, liabilities and contingent liabilities within the scope of these amendments arisen during the period.

Property, Plant and Equipment: Proceeds before Intended Use – Amendments to IAS 16

The amendment prohibits entities from deducting from the cost of an item of property, plant and equipment, any proceeds of the sale of items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

These amendments had no impact on the interim condensed consolidated financial information of the Group as there were no sales of such items produced by property, plant and equipment made available for use on or after the beginning of the earliest period presented.

IFRS 1 First-time Adoption of International Financial Reporting Standards – Subsidiary as a first-time adopter

The amendment permits a subsidiary that elects to apply paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported in the parent's consolidated financial statements, based on the parent's date of transition to IFRS, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of IFRS 1.

These amendments had no impact on the interim condensed consolidated financial information of the Group as it is not a first-time adopter.

IFRS 9 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. There is no similar amendment proposed for IAS 39 Financial Instruments: Recognition and Measurement.

These amendments had no impact on the interim condensed consolidated financial information of the Group as there were no modifications of the Group's financial instruments during the period.

During the year ended 31 December 2011, the Group (through its wholly owned subsidiary, a Venture Capital Organisation) jointly with France Telecom acquired 44% equity interest in Korek Telecom L.L.C. ("Korek Telecom"), a limited liability company incorporated in Iraq, via a joint company owned 54% by the Group and 46% by France Telecom. As a result, the Group owns 23.7% indirect interest in Korek Telecom.

The investment in Korek Telecom has been classified as an investment in an associate as the Group exercises significant influence over financial and operating policies of Korek Telecom. As this associate is held as part of Venture Capital Organization's investment portfolio, it is carried in the interim condensed consolidated statement of financial position at fair value. This treatment is permitted by IAS 28 "Investment in Associates and Joint Ventures" which allows investments held by Venture Capital Organisations to be accounted for at fair value through profit and loss in accordance with IFRS 9, with changes in fair value recognised in the interim condensed consolidated statement of income in the period of change.

As at 31 March 2022, interest bearing loan provided by the Group to Korek Telecom amounted to KD 35,362 thousand (31 December 2021: KD 35,169 thousand and 31 March 2021: KD 35,123 thousand) (Note 12).

Korek Litigation

In February 2017, the Group filed a request for arbitration against the Republic of Iraq pursuant to Article 36 of the Convention on the Settlement of Investment Disputes between States and Nationals of Other States ("ICSID"), and Article 10 of the Agreement between the Government of the State of Kuwait and the Government of the Republic of Iraq for Reciprocal Promotion and Protection of Investments (the "2015 BIT"). The arbitral claim arises from a series of actions and inactions of the Iraqi government, including its regulatory agency Communications & Media Commission ("CMC") relating to an alleged decision by the CMC to annul the previous written consent granted in connection with the Group's investment in Korek Telecom, as well as the CMC's order to transfer the shares acquired by the Group back to the original Iraqi shareholders (which was implemented in March 2019). Without limitation, the Group's claims relate to Iraq's failure to treat the Group's investment of over USD 380 million fairly and equitably, its failure to accord the Group with due process, as well as the indirect expropriation of that investment, each in breach of the 2015 BIT. On 24 February 2017, the Group's request for arbitration was formally registered with ICSID. The arbitration tribunal was formally constituted on 20 December 2017 and an initial procedural hearing was held on 31 January 2018.

The Group's memorial was submitted on 30 April 2018. On 6 August 2018, Iraq submitted objections to jurisdiction and requested that they be determined as a preliminary matter before the case proceeds further on the merits. The tribunal bifurcated the proceedings on 31 October 2018 and the Group submitted its counter-memorial on jurisdiction on 10 January 2019. The reply of the respondents was submitted on 25 February 2019 and the Group's rejoinder was submitted on 21 March 2019. The hearings were held on 24 and 25 April 2019. On 9 July 2019, the tribunal issued its decision on jurisdiction in which it found that it had jurisdiction over certain (but not all) of the Group's claims. The case will now go forward on the merits of the claims over which the tribunal has jurisdiction. The Respondent's counter-memorial was submitted on 13 March 2020. The Group's Reply to Respondent's Counter-Memorial was submitted on 17 July 2020. The hearings on the merits were held in October 2020, and post-hearing submissions were submitted in November 2020.

Korek Litigation (continued)

On 22 February 2021, the tribunal issued its ruling, dismissing all of the Group's claims and awarding costs of approximately USD 5 million in favor of the respondent. On 28 May 2021, the Group filed an application to annul the award with ICSID which was formally registered on 4 June 2021. On 22 September 2021, ICSID constituted a committee to adjudicate the Group's application to annul the award. The committee convened on 22 November, 2021 and issued a procedural timetable for the proceedings on 24 November 2021. In accordance with the procedural timetable, the Group submitted its Memorial on 22 December 2021. Iraq's Counter-Memorial was submitted on 22 April 2022.

As the tribunal refused to address the merits of the regulatory decision itself as issued by the CMC expropriating the Group's investment in Korek, claiming lack of jurisdiction, the Group prepared a fresh claim against the Republic of Iraq.

On 31 May 2021, Alcazar Capital Limited ("Alcazar"), a subsidiary of the Group, filed a claim in Kuwait against the Kurdistan Regional Government, a political subdivision of the Government of Iraq, under the terms of a sovereign guarantee in respect of the Group's investment. On 24 January 2022, the Court of First Instance dismissed Alcazar's claims on the basis that, among other things, Alcazar had failed to prove that it had extended the USD 250 million loan to Korek over which it was seeking damages under the sovereign guarantee. On 16 February 2022, Alcazar appealed the judgment to the Kuwait Court of Appeal. On 19 April 2022 the Court of Appeal issued a judgment in favor of Alcazar awarding damages of USD 490 million against the Kurdistan Regional Government, together with interest of 7% p.a. up to the date of satisfaction of the amount. The Group is now in the process of enforcing this award.

As the dispute remains pending without legal resolution and in the absence of clarity, the financial impact of this case cannot be assessed.

In conjunction with the foregoing claims related to Korek Telecom, Iraq Telecom Limited ("IT Ltd.") (in which the Group holds an indirect 54% stake) commenced the following proceedings:

► *Shareholders Agreement Arbitration*

On 4 June 2018, IT Ltd. commenced ICC arbitration proceedings against Korek International (Management) Ltd ("CS Ltd") and Mr. Sirwan Saber Mustafa. The dispute is in relation to various contractual breaches by the respondents under a shareholders' agreement relating to the Parent Company's investment in Korek Telecom. The amount in dispute is to be determined during the course of the proceedings.

The request for arbitration was submitted on 4 June 2018, and the respondents' reply was submitted on 10 September 2018. IT Ltd. filed an amended request for arbitration on 15 January 2019 and the tribunal was constituted on 29 March 2019. IT Ltd's Statement of Claim was submitted on 28 August 2019 and CS Ltd's Statement of Defense was submitted on 22 January 2020. On 10 July 2020, IT Ltd. discontinued the proceedings on a without prejudice basis.

New proceedings were commenced with similar claims were nonetheless filed by IT Ltd., both for itself and on behalf of International Holdings Ltd ("IH"). and Korek Telecom, against CS Ltd. and Mr. Sirwan Saber Mustafa. On 25 August 2020, IT Ltd. filed its second amended (and current) request for arbitration for itself and in the name and on behalf of International Holdings Ltd. The tribunal has been constituted, and IT Ltd.'s application to pursue derivative claims on behalf of International Holdings Ltd. and Korek Telecom was submitted in December 2020.

The tribunal held a preliminary hearing in February 2021 to adjudicate IT Ltd.'s application to bring derivative claims on behalf of International Holdings Ltd (including whether the tribunal has jurisdiction over such an application). By order dated 16 March 2021, the Tribunal granted IT Ltd. permission to file most of the derivative claims at issue. On 23 April 2021, IT Ltd. submitted its Statement of Claim on the merits. The parties are holding hearings on the merits between 8 and 16 May 2022.

► *IBL Subordination Agreement Arbitration: Arbitration proceedings against IBL Bank SAL, Korek Telecom and International Holdings Ltd.*

The dispute is in relation to alleged fraud orchestrated by certain Korek Telecom stakeholders with the knowledge and cooperation of IBL Bank in connection with a subordination agreement relating to a USD 150 million loan extended by IBL Bank to Korek Telecom. The amount in dispute is to be determined during the course of the proceedings. The request for arbitration was submitted on 26 June 2018, and the respondents' reply and counterclaim was submitted on 8 October 2018. The counterclaim seeks damages for losses (still unquantified) allegedly suffered by the respondents in relation to their reputation and good standing. IBL's answer and counterclaim was submitted on 8 November 2018. Korek's and IH's answer was submitted on 14 December 2018. The tribunal was constituted on 15 May 2019. IT Ltd.'s Statement of Claim was submitted on 22 November 2019, and respondents' Statements of Defense were submitted on 21 February 2020. IT Ltd.'s Reply was filed on 22 July 2020. IBL's Rejoinder and Reply to Defence to Counterclaim and IH/Korek's Rejoinder were filed on 23 October 2020. The hearings were convened in February 2021.

On September 24, 2021, the Tribunal issued its award granting in full IT Ltd.'s claim to render as null and void the subordination agreement relating to the USD 150 million loan extended by IBL Bank to Korek Telecom. The Tribunal agreed with IT Ltd. that all of the respondents, including IBL Bank, had engaged in a deliberate and intentional deception of IT Ltd. The counterclaims of the respondents were rejected in their entirety. In addition to the avoidance of the subordination agreement, IT Ltd. was awarded legal costs in the amount of US 3 million.

As a result of this award, on 12 November 2021, IT Ltd. filed a Request for Arbitration against Korek Telecom, in order to enforce its debt claim of more than USD 285 million (plus default interest) bringing the total claim to USD 828 million, against IH, as debtor, and Korek Telecom, as guarantor. Korek Telecom filed its reply on 24 January 2022. An arbitral tribunal is now in the process of being constituted.

Separately as well, IT Ltd. filed a Request for Arbitration against IBL Bank on January 7, 2022, seeking damages for the fraud that was adjudicated in the previous arbitration. IBL Bank's Reply was submitted on 7 April 2022. The tribunal is now in the process of being constituted.

► *DIFC Director Claims*

On 12 March 2018 IT Ltd. commenced proceedings in the courts of the Dubai International Financial Centre ("DIFC") against certain directors of International Holdings Limited (the holding company of Korek in which IT Ltd. holds a 44% interest). The defendant directors are Abdulhameed Aqrawi, Nozad Jundi and Raymond Zina Rahmeh. The claim alleges breach of the defendants' duties as directors of International Holdings. IT Ltd. is in the process of effecting service of the claims in Lebanon and Iraq.

In February 2021, IT Ltd. became aware that one of the defendants, Abdulhameed Aqrawi, had died. IT Ltd., therefore, decided to discontinue claims against Mssrs. Aqrawi and Junde and to concentrate its claims on Mr. Rahmeh.

A separate proceeding against Mr. Rahmeh was filed in respect of his personal instances of self-dealing. Mr. Rahmeh was validly served with the claim in CFI-019-2018 in Lebanon on 6 February 2020 and a certificate of service was issued by the DIFC Court on 13 February 2020.

Permission for IT to bring the derivative claim for and on behalf of IH against Mr. Rahmeh was granted by the DIFC Court on 11 May 2020, subject to the condition that IT is to file a schedule of breach, loss and causation (which has been done). Efforts were made to serve Mr. Rahmeh with the Schedule of Particulars and other recent documents via diplomatic service, but ultimately failed. Per the orders of the Court, the Schedule of Particulars must be served before further steps are taken in the proceedings. IT Ltd therefore applied for and was granted on 17 Jun 2021 permission to serve Mr. Rahmeh with the Schedule of Particulars and other documents by alternative means (e.g. email and courier to various affiliates of Mr. Rahmeh). Service by the alternative methods was effected, and, subsequently, on December 16, 2021, a judgment against Mr. Rahmeh was issued in the amount of USD 71.3 million plus costs and interest. On 27 December 2021, the DIFC court granted permission for the judgement to be served on Mr. Rahmeh by way of alternate service. Alternative service was effected, and IT is now in the process of enforcing the judgement sum plus costs.

► *DIFC Director Claims (continued)*

Separately, on 5 September 2017, Modern Global Company for General Trading of Equipment, Supplier for Construction and Real Estate WLL (a wholly owned subsidiary of the Parent Company) commenced arbitration proceedings against Korek Telecom in relation to Korek's alleged failure to pay servicing fees due to Modern Global under a services agreement. On 20 March 2019, Modern Global was awarded its full claim, interest and legal costs, amounting to approximately USD 4.5 million. The Group is currently in the process of enforcing the award against Korek Telecom. As part of the enforcement process, Modern Global sought leave to make alternative service on Korek. A hearing before the DIFC Court regarding the grant of alternative service was convened on 9 February 2021. The DIFC Court issued its judgment on 9 May 2021 pursuant to which Modern Global was wholly successful on the appeal. Consequently, Modern Global is now taking active steps to enforce the USD 5 million award against Korek in the UAE and Iraq. In April 2022, an amount of approximately USD 1.1 million was obtained from certain Korek assets in the United Arab Emirates.

As a result of the ongoing litigation relating to Korek, the Group's management was unable to determine the fair value of this investment and the recoverability of interest bearing loan as at 31 March 2022, 31 December 2021 and 31 March 2021. Accordingly, the investment is carried at its fair value as at 31 December 2013 of USD 359 million equivalent to KD 110,025 thousand (31 December 2021: KD 109,293 thousand and 31 March 2021: KD 109,020 thousand).

11 CONTINGENT LIABILITIES AND CAPITAL COMMITMENTS (continued)

The Group (Parent Company along with its subsidiary UPAC) and a related party are part of an arrangement to construct and develop a commercial mall in UAE ("project). The Group currently has an equity interest of 19.87% (31 December 2021: 19.87% and 31 March 2021: 19.87%) and has also extended interest bearing loan facilities to the project (Note 12). The Parent Company has provided corporate guarantees for the project amounting to KD 98,401 thousand (31 December 2021: KD 97,106 thousand and 31 March 2021: KD 38,838 thousand) and an undertaking for the completion of the mall within an agreed time frame.

Legal claims

(a) PCO Contract

From 2004 through 2008, the Parent Company performed a PCO Contract, which was a cost-plus-fixed-fee contract with the Coalition Provisional Authority ("CPA") for logistics services supporting reconstruction in Iraq, including warehousing, convoys and security.

On 23 April 2011, the Parent Company submitted a Certified Claim for approximately USD 47 million that the US Government owes the Parent Company in connection with the PCO Contract. The Contracting Officer denied the Parent Company's Certified Claim on 15 December 2011, and the Parent Company appealed the denial to the Armed Services Board of Contract Appeals ("ASBCA"). Separately, the US Government had claimed that the Parent Company owed USD 80 million in connection with the PCO Contract and sought repayment of the same. The Parent Company appealed the US Government's demand for repayment to the ASBCA and the appeals were consolidated.

On 26 August 2013, the US Government moved to dismiss the ASBCA appeals for lack of jurisdiction. The ASBCA granted the US Government's motion to dismiss on 9 December 2014. The Parent Company appealed to the U.S. Court of Appeals for the Federal Circuit on 8 April 2015. On 16 April 2018, a panel of the Federal Circuit affirmed the ASBCA's decision dismissing the Parent Company's appeals for lack of jurisdiction.

Following the Federal Circuit decision, on 21 September 2018, the Parent Company filed an amended complaint in a pending matter involving the PCO Contract in the Court of Federal Claims ("COFC"), seeking, among other things, a return of USD 17 million previously offset by the US Government (described further below), as well as a declaratory judgment that the US Government may not withhold amounts legally owed by the US Government to the Parent Company based on the Parent Company's purported debt under the PCO Contract. This matter was consolidated with the DDKS matter as detailed below.

As referenced above, the US Government offset USD 17 million from another contract held by the Parent Company (the DDKS contract), in connection with its purported claim related to the PCO contract (the "DDKS offset"). On 3 July 2017, the Parent Company submitted a Certified Claim under the DDKS contract, seeking payment of the DDKS offset plus interest. In a letter, on 1 September 2017, the Contracting Officer notified the Parent Company that she was holding its Certified Claim in abeyance. Following the Federal Circuit decision discussed above, the Parent Company filed a complaint seeking the return of the DDKS offset plus interest (the "DDKS Matter").

On 21 September 2018, the Parent Company filed an amended complaint in the DDKS Matter. On 3 December 2018, the Parent Company filed a Motion for Judgment on the Pleadings, as well as a motion to consolidate the DDKS matter with the still-pending COFC matter described above. On 6 December 2018, the court granted the Parent Company's motion to consolidate. On 17 December 2018, the US Government filed a Motion to Dismiss in the DDKS matter. On 28 December 2018, the Parent Company filed its reply to the US Government's motion. The reply of the US Government was filed on 14 February 2019 and a hearing was held on 28 February 2019. On 9 May 2019, the Court of Federal Claims issued an opinion granting judgment for the US Government in the amended PCO complaint and dismissed the DDKS Matter for lack of jurisdiction. The Parent Company appealed both decisions to the Federal Circuit on 14 May 2019, which the court then consolidated. The briefing of the appeal was completed on 16 September 2019 and the oral argument was heard on 5 February 2020.

On 12 August 2020, the Federal Circuit issued an opinion remanding the PCO complaint to the Court of Federal Claims for an evaluation of the merits of the US Government's offset determination as well as a determination of whether proper procedures were followed as required by law.

Legal claims (continued)

(a) PCO Contract (continued)

On 31 August 2020, Agility sought panel rehearing on a minor, technical point, which the panel denied. On 18 September 2020, the US Government filed a motion seeking an extension of time to file a combined petition for panel rehearing and rehearing en banc until 12 November 2020. The Court granted that motion on 21 September 2020.

The US Government ultimately did not file a petition for panel rehearing or rehearing by 12 November 2020, and the following week, on 19 November 2020, the Federal Circuit issued the mandate remanding the matter to the Court of Federal Claims.

Once the matter was remanded to the Court of Federal Claims, the case was reassigned to a new judge who set a status conference for 17 December 2020. Prior to the status conference, counsel for the US Government reached out to counsel for the Parent Company to discuss a potential settlement in light of the remand from the Federal Circuit. Based on the conversation, the parties entered a joint status report requesting that the court stay the matter while the parties explore the possibility of a settlement. On 14 December 2020, the court granted the parties' request and ordered the matter be stayed until 17 May 2021. For the same reason, the parties filed a stipulation to continue the stay on May 17, 2021. The court granted the parties' request, and, pursuant to various extensions granted by the Court, the matter will remain stayed until May 17, 2022. During the stay, settlement discussions have continued and the parties are now in the process of exchanging drafts of a proposed agreement. The parties will continue to negotiate final terms after which counsel for the US Government will seek the requisite approvals, a process that will take some time to complete.

Additionally, on September 14, 2016, the Group filed a PCO related lawsuit under the administrative procedure Act in the U.S District court for the district of Columbia ("DDC"). This matter remains stayed as per the Court's May 14, 2021 Minute Order, which stayed the matter pending resolution of the related proceedings before the court of Federal Claims.

Despite inherent uncertainty surrounding these cases, no provision is recorded by the management in the interim condensed consolidated financial information. The Parent Company (after consulting the external legal counsel) is not able to comment on the likely outcome of the cases.

(b) Guarantee encashment

A resolution was issued by the General Administration of Customs for Kuwait ("GAC") to cash a portion, amounting to KD 10,092 thousand of the bank guarantee submitted by Global Clearing House Systems K.S.C. (Closed) ("GCS"), a subsidiary of the Parent Company, in favour of GAC in relation to performance of a contract. Pursuant to this resolution, GAC called the above guarantee during the year ended 31 December 2007.

GCS appealed the above resolution at the Court of First Instance and the latter issued its judgment in favour of GCS and ordered GAC to pay an amount of KD 58,927 thousand as compensation against the non-performance of its obligations under the contract, and KD 9,138 thousand towards refunding of the guarantee encashed earlier, together with an interest of 7% per annum on these amounts to be calculated from the date the judgment becomes final.

GCS appealed the judgment before the Court of Appeal requesting an increase in compensation. GAC also filed an appeal No. 1955 / 2014 Administrative 4 before the Court of Appeal. On 13 September 2015, the Court of Appeal pronounced its judgement affirming the decision of the Court of First Instance. Both GCS and GAC appealed against this ruling before the Kuwait Court of Cassation in appeals No. 148, 1487 for the year 2015. On 15 March 2017, the Court of Cassation resolved to defer the appeal to the experts. On 7 May 2018, the experts committee issued a report affirming the Company's right for the claimed compensation.

On 11 May 2022, this matter was finally resolved with the issuance of this judgment in respect of Appeals Nos. 1955 and 1923 for year 2014, Administrative/4 by the Court of Cassation, where the court ordered the GAC to refund an amount of KD 5,561 thousand to GCS out of the original amount of encashed guarantee. The said appeals resolved, otherwise, to uphold the appealed judgment, which ordered the second defendant, "the Director General of the General Administration of Customs in his capacity," to pay to the plaintiff "GCS" an amount of KD 68,065 thousand in addition to the legal interest of 7% annually from the date this judgment becomes final.

15 FAIR VALUES OF FINANCIAL INSTRUMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in orderly transactions between market participants at the measurement date.

Determination of fair value and fair value hierarchy:

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments:

- Level 1: quoted (unadjusted) prices in an active market for identical assets and liabilities.
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and
- Level 3: other techniques which use inputs which have a significant effect on the recorded fair value are not based on observable market data.

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

15 FAIR VALUES OF FINANCIAL INSTRUMENTS (continued)

There were no transfers between the fair value hierarchies during the period.

The Group's management was unable to determine the fair value of the investment in an associate and the recoverability of interest bearing loan as at 31 March 2022, 31 December 2021 and 31 March 2021 due to certain inherent uncertainties and accordingly the investment and related loan is carried at its fair value as at 31 December 2013 (Note 4).

Fair values of unquoted equity securities classified as fair value through other comprehensive income are determined using valuation techniques that are not based on observable market prices or rates.

The following table below shows a reconciliation of the opening and the closing amount of level 3 financial assets measured at fair value:
